

**Electronic Monitoring (EM)
&
Offender Management**

The Devil is in the Detail

What we will cover

- ❑ Overview of EM in the Offender Management environment
- ❑ What is EM and how is it used
- ❑ Why we use it.
- ❑ Challenges
- ❑ Opportunities
- ❑ Desired outcomes

What is EM and how is it used?

Why?

- Public Protection
- Risk Management
- Reduce reoffending
- Enable rehabilitation

Challenges

- ❑ Organisation and Culture Change
- ❑ Staff Training & Development
- ❑ Information Sharing at critical stages in the process
- ❑ Greater service user involvement

Opportunities

- ❑ Create a National Integrated EM structure
- ❑ Be more creative in the application of EM.
- ❑ Better understand benefits of EM
- ❑ Develop information sharing processes

Desired Outcomes

- ❑ Create an environment where Offender/Case Managers can be more creative in their thinking in the application of EM.
- ❑ Criminal Justice agencies become more confident in the use of EM across the Offender Management landscape.
- ❑ Enable Service Users to better understand EM and what purpose it is being used for.
